From:

Subject: Trips to Various Microdensitometer Manufacturers

CC:

STATINTL

To obtain the additional data required to complete the evaluation of microdensitometers, several manufacturers will be visited and a set of standard tests (described in my memo of 22 June, MM:bb:282) will be conducted using their instruments.

STATINTL

The following schedule of trips has been established:

STATINTL

\* A tentative date for this visit is 22, 23 July. [REDACTED] has asked for 3 or 4 days notice for the visit.

STATINTL

\*\* Dates for these trips will be made at the end of July.

\*\*\* [REDACTED] "Class I" instrument will not be available on the 15, 16 July trip. The instrument will be available near the end of August, and another trip will be made to [REDACTED] at that time.
